

CEOS GROUP

RESIDENTIAL & COMMERCIAL HVAC EXPERTS

Precision and Innovation Delivered On Time in Every HVAC Project

Who We Are

5+ Years of HVAC Expertise Driven by Technology

At CEO's Group, we lead HVAC project management with cutting-edge technology. Our advanced tools and real-time tracking systems enable **faster**, more efficient project completion. With a team of 50+ professionals and **5 years of experience**, we handle every project with **precision** and reliability, ensuring on-time delivery and **cost savings** across Florida.

What We Do Best:

Residential & Commercial HVAC Experts

We create and implement energy-efficient, tailored HVAC systems, backed by **real-time monitoring** for timely and **effective results**.

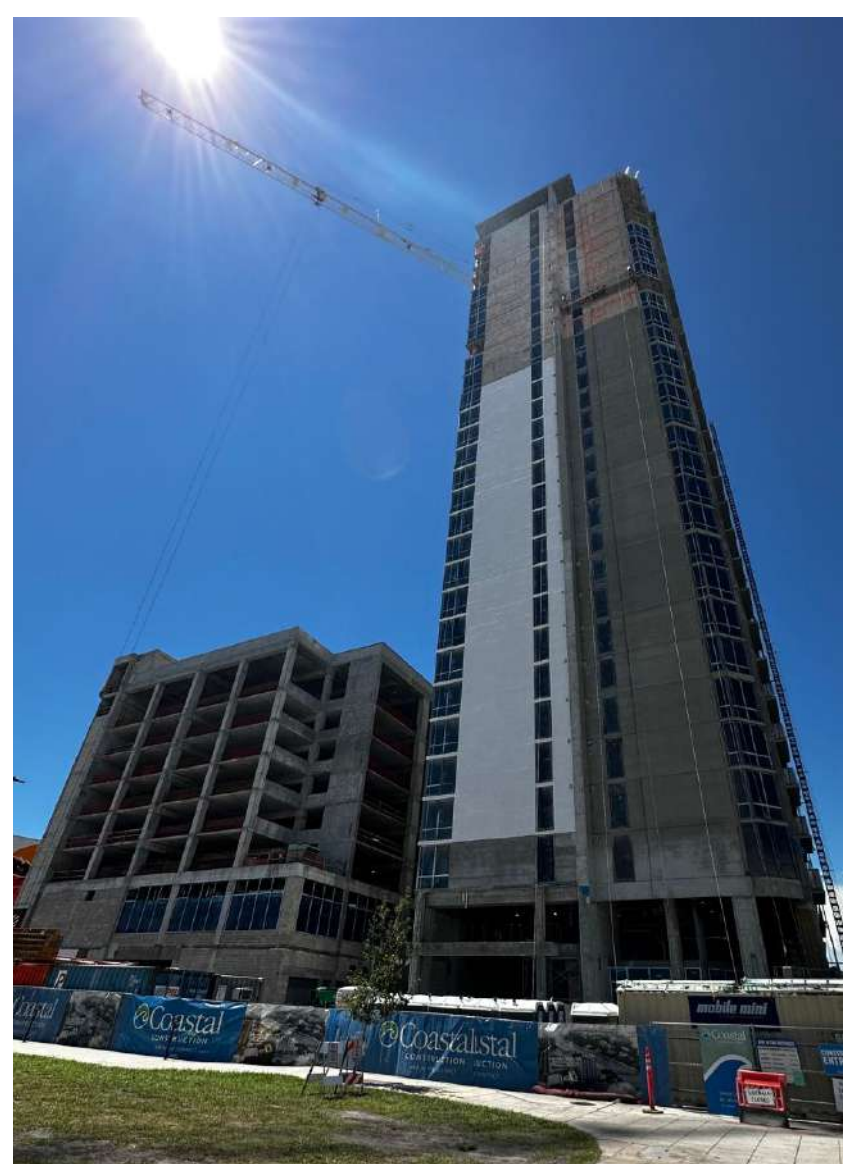

DX / Copper Work

Precision in DX systems and copper piping — perfect for both **homes** and **large-scale commercial properties**. Zero leaks, zero breaks.

Custom Ductwork

Tailored ductwork systems designed to optimize airflow and efficiency, whether it's for **apartment complexes** or **commercial buildings**.

30+ COMPLETED PROJECTS

OUR SUCCESS STORIES

5+ Years of HVAC Expertise Driven by Technology

Embassy Suites, Kissimmee

- **Sector:** Commercial – Kissimmee, FL
- **Description:** 6 buildings, 5 floors each, 65 units per building, totaling 390 HVAC systems worked on. The work includes all phases: rough, trim, and startup. The project is still ongoing.
- **Key Results:**
 - Buildings 1 and 2 completed 100%
 - Project ongoing
 - Continuous oversight and high quality throughout all phases of the work

"Quality work even in a large-scale, multi-phase project."
– Mike R., Senior Manager, HVAC Corp Florida

Modera, St. Pete

- **Sector:** Residential & Commercial – St. Pete, FL
- **Description:** Two buildings: 20 floors and 9 floors, totaling 444 HVAC units. Utilized VRF (Variable Refrigerant Flow) systems with copper piping and roof condensers. Completed all copper refrigeration installation from the first floor to the roof of the 20th floor without leaks, and all machines are operational.
- **Key Results:**
 - Copper installation complete
 - 15-person team
 - Project completed in 1.1 years

"Efficient and precise copper work on a large-scale VRF system."
– John D., CEO, HVAC Group LLC

REDUCING PROJECT TIMELINES BY 50% WITH REAL-TIME UPDATES: PLANIUM PLATFORM

Why Choose Us?

Real-Time Reporting
With our **Planium.ai** platform, clients and contractors have access to **real-time data** on project status, ensuring full transparency and control.

Precision & Efficiency
Our skilled workforce delivers **timely installations** with a focus on accuracy, minimizing downtime, and adhering to stringent safety codes and quality standards.

Proven Track Record
With **30+ projects completed across Florida**, we work with some of the top HVAC companies, delivering on time and within budget.

50+ OPERATIVES AVAILABLE IN FLORIDA FOR IMMEDIATE DEPLOYMENT
